We In Newport News High School Learn

THIS IS THE BUILDING where the citizens of tomorrow acquire knowledge, tolerance and a love for freedom to prepare them for their future. The opportunities are numerous, for about 80 units in different subjects are offered to an average of 1400 students.

THE LATEST ADDITION to our school, the Vocational Annex, built in 1946, houses the metal shop and the machine shop. Within, young sheet metal workers and machinists are trained for later life.

JUST BROWSERS and real book worms find all their literary needs in the library. Located in the north wing of the school it boasts more than 14,000 books and is visited daily by over 400 students.

A VITAL PART of the school scene is the stadium. Pounded by the rooters in the fall and the track fans in the spring, it has witnessed many an exciting event.

The Responsibilities of Future Citizens

TO INCREASE THEIR KNOWLEDGE	8- 17
TO COOPERATE WITH THEIR LEADERS	20- 31
TO SUPPORT COMMUNITY PROJECTS	32- 49
TO HELP THEIR FELLOWMEN	50- 67
TO TAKE THEIR PLACES IN THE WORLD	68- 95
TO PLAY FAIRLY AND SQUARELY	96-115
TO LIVE HAPPILY TOGETHER	116-123
TO ENCOURAGE FREE ENTERPRISE	124-172

As Future Citizens We Have Learned . . .

free, for you will be fit to be
free.”

We Study Our Own Language

"COULD THAT BE the bishop?" asks Doris Godsey, an English student, as she looks with Ruby Emory and Nancy Morris at the dolls they dressed to represent the characters in "Les Miserables." Along with literature, students learn to improve their speech and composition.

WHO WOULD ever have thought that the word "spectacles" is derived from a Latin verb? Bobby Sterling is pointing out a poster which shows most of the derivations from "spectare," meaning "to look." Students learn about Rome, her background and wars.

And Foreign Tongues,

SENORITAS in Spanish class here? A second look reveals Barbara Jones and Maxine Damino. They are modeling colorful South American costumes described by Mr. Carlos Urrutia, former Spanish teacher. Students learn the customs and history of the Spanish countries along with grammar.

"DONNEZ-MOI, du poisson, du legume et du the," says Jean Gilman to waiter, David Falk. Margaret Perados, Jean and David are dramatizing French restaurant life to their French class. Skits of this type help the students learn conversational French and French customs.

Facts And Figures

"WILL WE ADVANCE?" wonder Nellie Wise, Jean Baily, and James Russell who keep abreast of the war situation by designating the positions of the UN and Communist Armies. In all history and government classes, one day a week is reserved for current events.

"HOW DO YOU LIKE my figure?" asks Lynn Holzbach of Carolyn Powell and Ashton Violette as they take notes on geometric solids in solid geometry class. This advanced math course, following algebra and geometry, deals primarily with three dimensional figures.

Birds And Keys,

LATE AFTER SCHOOL many typing students are practicing to develop accuracy and speed needed for typing certificates. Not only girls take typing but also many boys who know that it will be an asset in college as well as in the business world.

BEACHCOMBERS? No, they are biology class students searching for specimens of marine life on the beach. Field trips like these let the pupils learn about science through experiences with nature. Classes also visited the Virginia Fisheries Laboratory.

We Develop Our Talents In Talk

LAYING ASIDE their textbooks for greasepaint, this Drama II class is initiated into the mysteries of character make-up. Along with make-up, the students study directing, playwriting, and acting.

CURTAIN TIME finds Mike Anastasiou, Margaret Stinette and Jean Sawyer reviewing their lines. As senior drama students, they are anxious to put on polished performances in the graduation class night plays.

NO LAST MINUTE rush for this speech four class which is preparing next week's "Typhoon Time" show. These young mike artists practice voice control and timing so that their program will be of professional caliber.

Tempera And Tempo,

PORTRAITS while you wait! Anne Dickenson is painting a picture of Nancy Tanley to be used as a prop in the fall play. In art class students are encouraged to use their imagination and creative ability. They make their own choices whether to work in oils, water colors or modeling clay.

CLOWN OF THE BAND — No, not the pretty young lady, but the odd shaped instrument. It is a bassoon, the pride of the Music Department, and its player, Ruth Mass, one of the 129 students enrolled in the instrumental music classes.

ON THE DOWNBEAT this required music class will sing a folk song. Making scrapbooks of composers and orchestras also helps tomorrow's citizens to appreciate the world of music.

Our Skills With Thimble And Thread,

EXPECTING TO FIND this lovely gown out of their price range, these girls are surprised to discover that it was made by a NNHS student in one of their clothing classes. This creation was made for only \$12.98 and was displayed in a local store during National Education Week.

PERFECTION even with small tots clothing is the aim of Shirley Melson and all other students. Starting in the eighth grade with aprons and blouses, the seamstresses advance to make suits, nightgowns like this and more glamorous ones for themselves.

"AND SHE CAN COOK TOO!" can be said of any girl at Newport News High; home economics is required for all eighth grade girls. In the foods classes, the girls are taught how to cook and how to plan nutritious meals. How to buy and plan meals within a specified budget is a major part of this home economics course.

Tools And Timber

UNDER THE SKILLED HANDS of the students in woodshop, lifeless timbers are transformed into lamps, chairs, bookends, or perhaps a coffee table, like the one sanded down by Bill Woodward.

"SHADES OF HOPALONG CASSIDY"—They don't make saddles in leather shop, but they make many other beautiful and useful articles, like the carved leather belt that Betty Ann Stallings is dying.

BY MAKING USEFUL hardware future citizens train for tomorrow's work today. Tommy Olaisen employs the V-block to cut out a design for blotter corners. Projects range from lamps to fishing rods.

WHIR-R-R! Project record cards which are rolling off the press operated by Warren Siceloff are among hundreds of articles printed by the students in the print shop.

We Keep Physically Fit

TO THE RESCUE! Beverly Kline puts finishing touches on a sling while she demonstrates to a hygiene class what to do in case of an accident. Other topics of class discussion are personality development, systems of the body, and mental hygiene.

PHYSICAL EDUCATION is not all just regular calisthenics as these boys illustrate. The fundamentals of all popular sports are taught. Regular tests in speed and stamina are given to see if the boys are improving as they should.

"BACK UP SLOWLY and turn the wheels hard to the left," instructs Coach Motley. Pupils receive actual road experience under instructions from competent drivers. This course enables the school pupils to be safer drivers.

For Our Future Work

EARNING WHILE LEARNING, Tommy Simmons, enrolled in one of the diversified occupation classes spends his afternoons at an upholsterer's shop after his morning classes. Twenty-five others also earn spending money while receiving valuable instructions.

"HOW MANY PLEASE?" asks Molly Lord of Ronnie Williams. She works for a local theatre in the school's on-the-job training program. Retail selling students also have class instruction which will aid future citizens in their vocations.

SOMETHING WRONG with your washing machine? Electric toaster? Bill Stuart supplements his regular school work with a job as electrical appliance repairman under the diversified occupations plan. Other trainees work at motor companies, radio stations and florist shops.

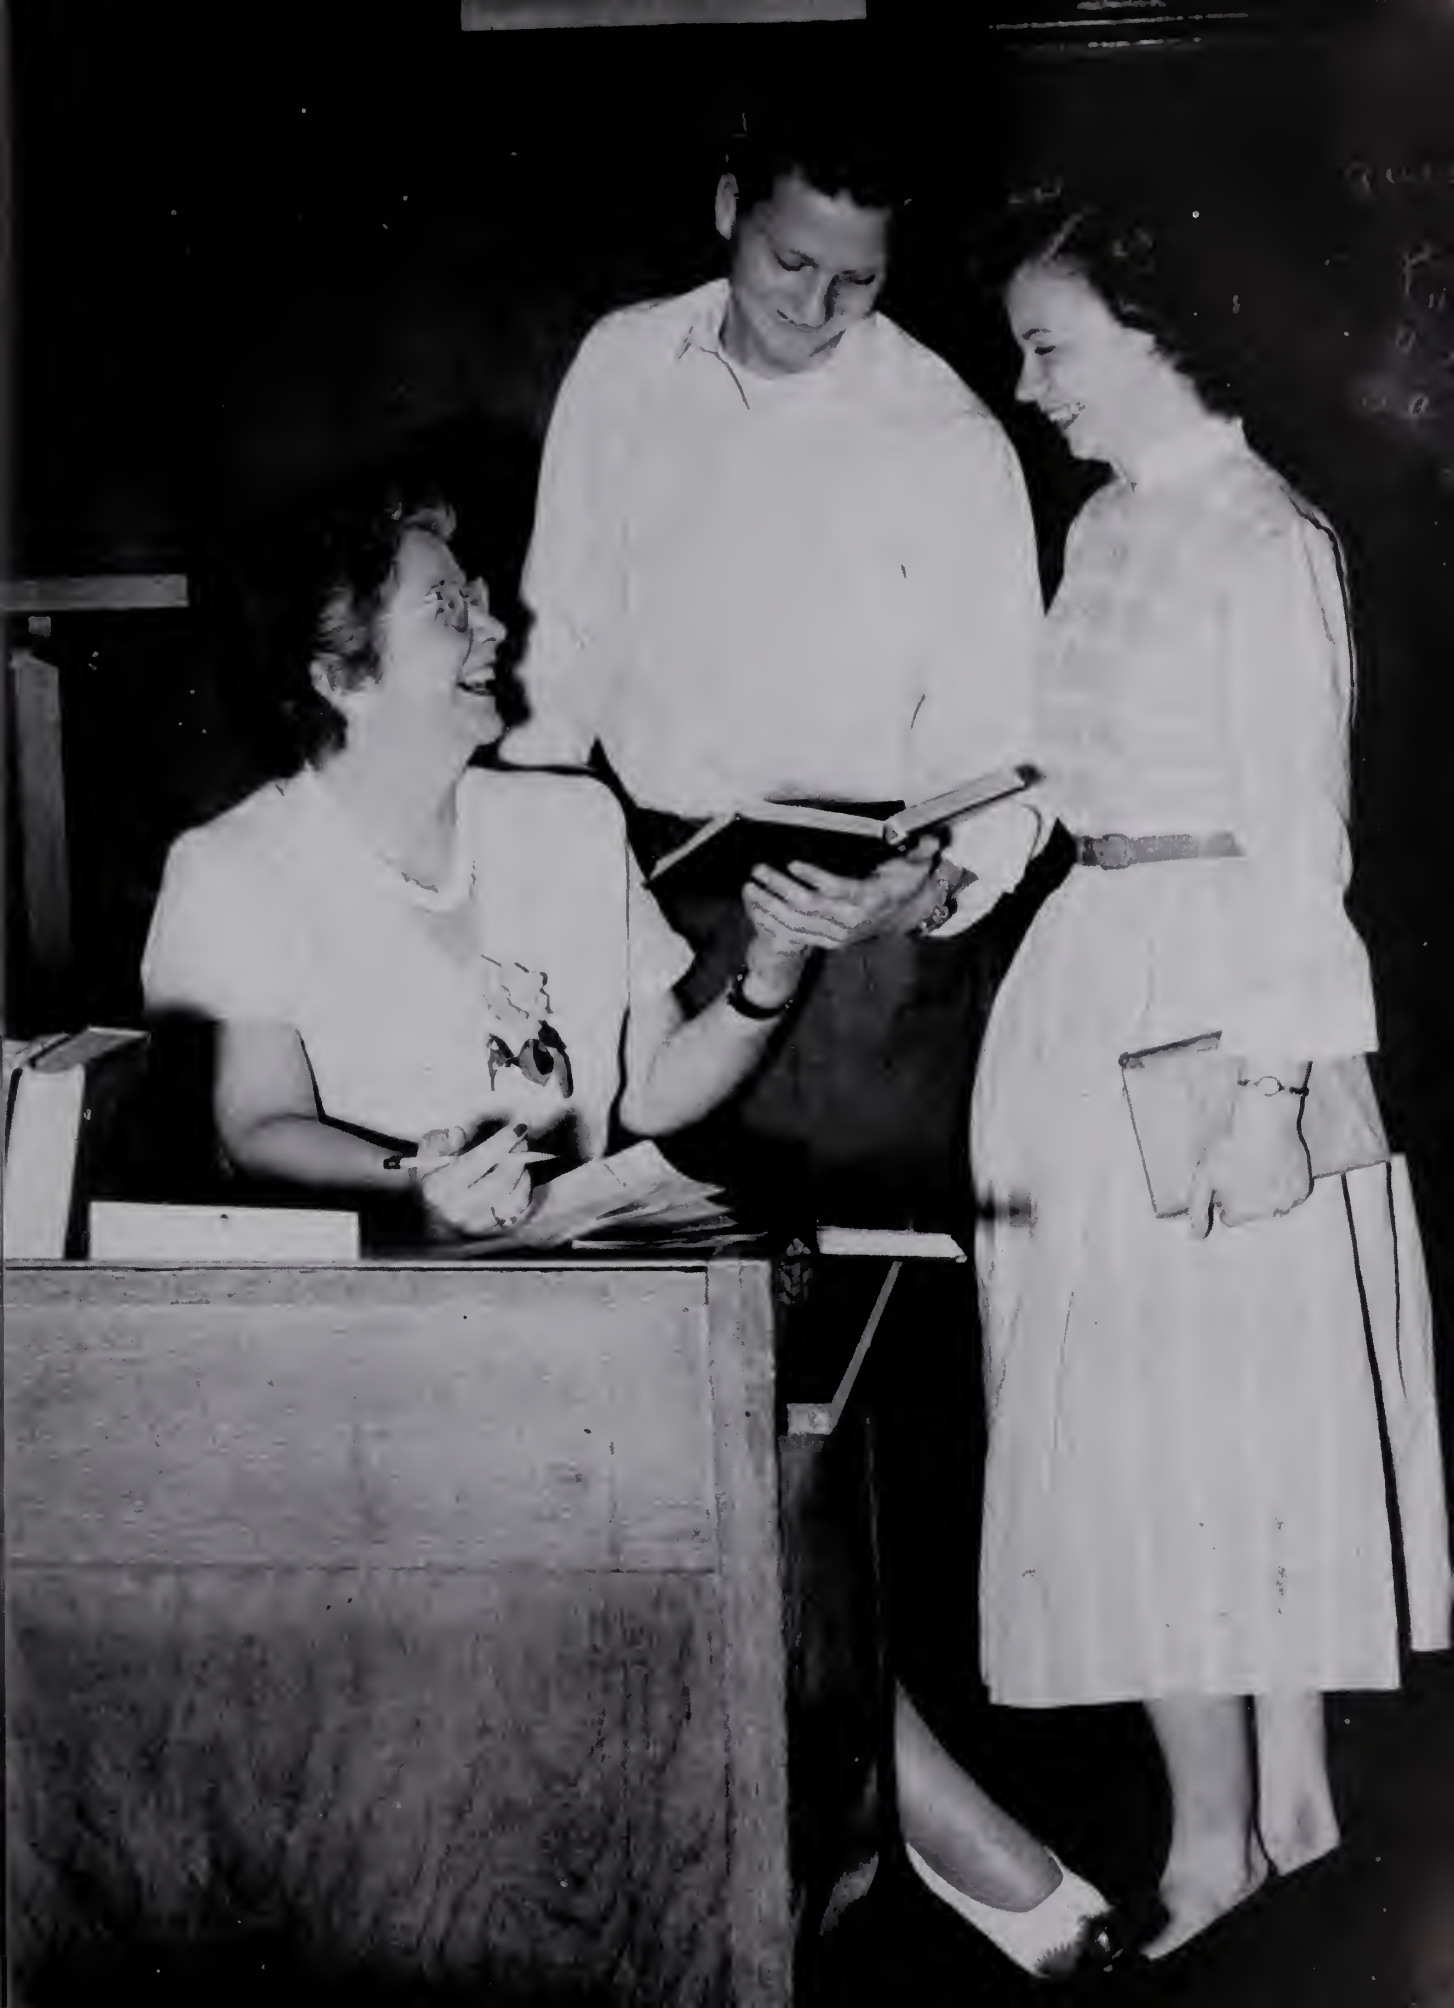

As Future Citizens We Have Learned . . .

“There is but one virtue:
to help human beings to free
and beautiful life.”

The Leaders Plan Our Program

FOR EDUCATION of our future citizens the school board and Superintendent R. O. Nelson have combined efforts and brought about many improvements during the past year. These improvements not only enhanced the appearance of the school building, but also added much to the general conditions for learning. The addition of new bleachers on both ends of the stadium increased the seating capacity to 10,000; during the summer the track was rebuilt. Inside, floors were refinished in the library and gym, all commercial classes received the benefit of new fluorescent lights and seven new typewriters, recording booth was built for speech classes and a new locker bought for storing band uniforms.

DR. R. O. NELSON

THE SCHOOL BOARD meets to consider the budget for the coming year, which includes \$36,400 for general improvements of the school buildings. Members are SEATED: Mrs. George R. Dobney,

assistant clerk; Mr. Alon Hoffman, Mr. John E. Kritzer, Mr. Dorsey Pleasants, chairman; STANDING: Mr. Phillip Murrey, Dr. H. G. Longaker, Dr. Nelson, Mr. S. D. Green, clerk.

With Understanding

MR. GEORGE J. McINTOSH

PROBLEMS OF THE students of Newport High are foremost in the minds of Miss Ethel Gildersleeve, dean of girls, and Mr. T. O. Keesee, assistant principal. The pair act as advisers to each of the future citizens about present schedules and future plans.

MISS ETHEL GILDERSLEEVE AND MR. T. O. KEESEE

KNOW YOUR SCHOOL was the theme of the monthly meetings of the Parent-Teacher Association under the leadership of Mrs. T. V. Morrison, president. To learn more about Newport News High School, the parents came back to school for one of their meetings so that there might be a closer cooperation between home and school. The organization also gave new magazines for the library and sponsored dances and parties for each class.

MRS. T. V. MORRISON

We Give Our Tribute . . .

COACH JULIE CONN

DURING THE PAST quarter century, a well-known patriot of NNHS has molded young people into strong and loyal citizens.

This class of June 1951 will never forget the man who wears his hat with the brim turned up and a gold and blue tie for luck, whose voice, either urging his teams to victory or shouting instructions, can be heard from one end of the gym to the other; and yet becomes edged with emotion when he receives the homage due him.

He has become known to all of us as a true friend and counsellor to any boy in high school who needs his help, and a teacher who expects duty as a minimum from all his students.

On the occasion of his silver anniversary and fifth State Basketball Championship, the Anchor Staff proudly dedicates this book to Newport High's "grand old man of sports," Coach Julie Conn.

STOPPING for applause, Coach Conn shows off the hard earned trophy for his fifth State Basketball Championship.

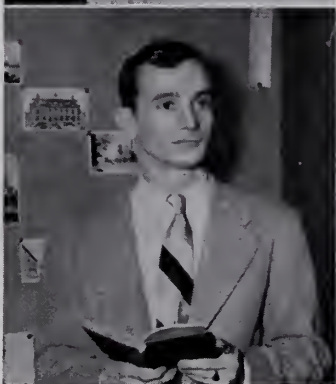

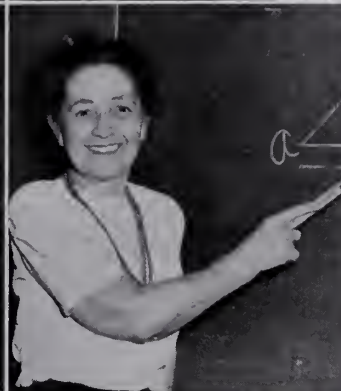

LOOKING over the past 25 years, the coach proudly points to another of his championship teams.

LISTENING to the winning coach, the radio audience hears him praise his boys for their team spirit and hard work.

As We March Together

TO THE STIRRING STRAINS of Sousa's "Thunderer March" eighty Newport Bandsters strutted at football games and parades during the fall semester. Trips to games in Norfolk, and Portsmouth stadiums highlighted the gridiron season for the band. In the spring the young musicians brought home an excellent rating from the contest in Norfolk. In May, the band and chorus combined to present a well-received concert. When the curtain fell after the "Stars and Stripes Forever" march, the curtain also fell on another chapter in the annals of one of NNHS's best known organizations.

(For band home rooms see page 61)

At Last, We're Seniors

"FALL IS REALLY HERE," say the February officers whisking away the leaves in front of the school. These hard workers are Kenneth Crump, vice-president; John Spivey, executive board; Betty Beck, treasurer; Daris Jackson, secretary; and Kenneth Fulton, president.

To the Class of February, 1951:

AS YOUR SPONSOR, I want to give you my warmest congratulations on the successful completion of your work leading to graduation from high school. I feel that I know and like each of you and that I have a very personal and special interest in you, since you were among the first students I taught in NNHS.

I am thinking of three wishes that I have for you in the future: first and most important, happiness and success in whatever business and personal relationships you enter; second, a peaceful and God-fearing world in which you may live freely and democratically; and third, satisfaction through rendering service to and getting along with other people.

My continued good wishes will go with you as you leave high school, and I shall be following your progress with keen interest.

Very sincerely,

Helen Hardy

The Rest Of Us Choose Officers,

To The Class of June, 1951:

Happiness! A smile here, a handshake there, a simple greeting, a hearty laugh . . . all are characteristics of happiness!

Obviously, circumstances alone do not make you happy or unhappy. Your feelings are determined by the way you react to them. You can endure disaster and triumph over it — if you have to. You may not think you can, but you have surprisingly strong inner resources that will see you through if you will only make use of them. You are stronger than you think.

The life you live is yours; be sure it is a happy one!

Sincerely,

J. C. Range

Class Sponsor J. C. Range

IT'S SPRING and the June officers relax outside on a warm spring day. They have been busy all year guiding the senior class through many activities and now they are ready to lead through graduation week. They are, front row, Helen Pittman, executive board; and Carolyn Powell, secretary. Back row left, Bobby Allen, vice-president; Lynn Holzbach, president; Jimmy Nicholson, treasurer.

And a New Pair Of Monarchs

Their Majesties
Teddy Masters and Betty Joyce Pittman

The Glamour of Their Court Enhances

FREEDOM OF RELIGION was practiced then as now. Molly Lord, best dressed, has been enjoying the beauty of Bruton Parish Church.

"AT YOUR COMMAND, LOVELY LADY," says Ashtan Vialette to Mary Ellen Baath. The best looking pair are reflected in an antique mirror in the Governor's Palace.

NEVER AN IDLE MOMENT. In the courtyard of the Capital best students, Myrtle Snyder and Arnold Epstein, glance over some information on Williamsburg.

HEAVE HO! Melvin Davis, most athletic boy, exercises those muscles by throwing a log on the fire in the kitchen of the Governor's Palace.

The Scenes of the First Capital.

"LET'S DANCE A WALTZ" eighteenth century style, say Nancy Fogle and Randy Dale, best dancers. They are in the ballroom of the Governor's Palace.

"WOE IS ME," is the mournful cry of Jane Zegopoulos, class jester, as she samples a bit of Colonial punishment in the stocks.

OLD FASHIONED FLOWERS for a modern lady are found in the garden of the Governor's Palace by Helen Pittman and Bobby Hornsby, best all around.

BACK TO THE GOOD OLE DAYS. Phyllis Stortz and Bobby Allen, most popular, get set for a ride in the coach when the driver takes the reins.

TRYOUTS HERE. Nancy Tanley and Doug Goode, most talented, tour the Wren Building of William and Mary College, the talent headquarters for three centuries,

To Become Good Citizens Of Tomorrow

SENIOR BIG MOMENTS

UNDER HER POWER — Carol Black hypnotizes Catherine Newbill in a scene from the Senior Play. Nancy Nelsan looks on.

FIVE YEARS is a long time to wait but as Myrtle Snyder, Valedictorian, says farewell, the seniors feel a touch of regret.

"OH, WE CAN'T GET a man with a gun," waefully sing Nancy Tanley and Mary Ellen Baath in the Senior Assembly.

THE NIGHT arrives with Betty Bazemore escorted by Tommy Garrett, all ready to have a wonderful time at their Senior Prom,

STORY OF A GAME

BEFORE THE GAME the Blue and Gold cheerleaders get school rooters in a peppy mood. They carried their pep over into a rally that night.

A CRABBER IS TRAPPED — Billy Harrison is stopped by the center of the Newport line in the Typhoon-Crobbier Turkey-day frocos. Hompton beat Newport 41 to 7.

TIME OUT — Typhoon End Coach Jack Powers gives a bit of advice to a group of Blue and Gold players.

"SHALL WE DANCE?" says Typhooner Charles Llewellyn as he brings a Hompton back to a halt in the holiday game.

Their Gridiron Battles

VARSITY TRAIL

For the first time in Newport's history, the Typhoon grid squad employed the split "T" offense. The "T" was introduced by "Pistol Pete" Sachon, who replaced Lou Plummer this year as head football coach. The new mentor came here from Wilson high where he was backfield coach of the Presidents.

Starting the season with eight lettermen, the Typhoons dropped their first two opponents, Randolph-Macon's "B" team and Danville. Then disaster struck; Newport traveled to Lynchburg to battle E. C. Glass and was beaten 26 to 19. After the game with the Hilltoppers, the Typhoon never really got back on the winning side.

Season's honors went to Guard Tommy Price who copped the coveted Julian Gordon Memorial trophy as the most outstanding player and the Peninsula Sports Club certificate as the outstanding lineman. Quarterback Bob Cardwell was awarded the club's certificate as the outstanding back.

SEASON'S FINALE — All-American Chorlie "Chaa-Choo" Justice gives Bob Cardwell a few pointers after the team banquet, where the former Carolina star was guest speaker.

JAYVEE JAUNT

One win, three losses and one tie was the season record of Newport's Junior Varsity gridders, who, like the varsity, switched to the split "T" formation this year.

The JV's opened their season October 12 by falling to Warwick, 18 to 13. Billy Masters' 75-yard touchdown run was the highlight of the game.

Newport's only win came over Norview November 2 by a 20 to 0 score. It was Masters' running that did the trick. He scored both the Breeze touchdowns.

In other games, the JV's lost to Wilson, 41 to 12, Maury, 14 to 7, and tied the Baby Farmers, 0 to 0.

The season was highlighted by the running of Masters, the passing of Co-Captain Bob Seward, and the punting of Stewart Rogers. Other stand-outs for the Baby Typhoon were Grady Webb, center, and Billy Floyd, co-captain and end.

SEASON'S PREVUE — "This is the way it should be held," says Junior Varsity Coach Jock Powers to Co-Captains Bob Seward, left, and Bill Floyd, prospects for next year's Varsity.

NEWPORT'S "GRAND OLD MAN of Basketball," Julie Conn, celebrated his silver anniversary as head coach by guiding his team through another successful season and to the State High School Championship. Although the Typhooners finished second to Wilson in the Eastern District, they swept through the State tourney like a whirlwind.

After beating Group II Suffolk 65 to 39, Conn's basketekers inaugurated their conference season January 5, when they beat Maury, 49 to 42. The cagers lost their first game January 12 to Wilson by a 36 to 30 score and lost again to the Presidents in a return game. Newport copped the next six tilts before losing to Duke's Freshmen 58 to 38. The other defeat was inflicted by Granby. Newport ended the regular season with a 13-4 record.

When honors were handed out, Bob Conley and Bill Leggette were on the receiving end. Conley copped the Penn Williams Trophy as the best defensive player; Leggette was given the Agathon Club Trophy as the best all-round player on the squad. These two also gained berths on the 10-man all-tourney team.

TOURNAMENT ACTION: Conn's cagers brought the State Championship to Newport News for the first time since 1943. Seeded fifth in the tourney, the Typhoon, sparked by the great shooting of Co-Captain Bill Leggette, flashed through in fine style. The Blue and Gold downed Thomas Jefferson of Richmond, Washington and Lee of Arlington and Wilson of Portsmouth to cop the trophy.

A CREED FOR AMERICAN YOUTH

I resolve to let no time or opportunities
 slip unused by me; that in small things
 I will strive to do the best that I can
 in order that the big opportunities of
 the future will find me qualified. I
 realize that my future is an enlarge-
 ment of the present. What I do in my
 high school years will make me strong-
 er in character that I may help to make
 a stronger America.

More than fifty years have passed since the inevitable step was taken which transferred a sprawling tidewater village into the dignified status of a city of the first class in the Commonwealth of Virginia.

Its past has been illustrious. But our justified pride in past accomplishments must not dim our eyes to the fact there is much left to do in the future.

What Is Freedom?

It has been said again: "When you define liberty you limit it, and when you limit it you destroy it."

Freedom then is best explained as a quality of the mind or desire of the heart, for within every individual there is an inherent longing for freedom.

A person is free only when there is no suppression of his spirit either within himself or by others. Despite the tragedy and hardships of war, we believe that the freedom in America is worth fighting for and should be cherished as the most precious possession of all future citizens.

WHERE THERE

LIBERTY IS

LIBERTY TO OURSELVES
